Which scrofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue. For purifying and vitalizing effects, Hood's Sarsaparilla has been found superior to any other preparation. It expels every trace of life and vigor upon every function of the body, enabling it to entirely overcome disease.

The Beauty of Woman

Is her crown of glory. But alas! how quick does the nervous debility and chronic weak-ness of the sex cause the bloom of youth to pass away, sharpen the levely features, and emaciate the rounded form! There is but one remedy which will restore the faded roses and bring back the grace of youth. It is Dr. Pierce's "Favorite Prescription," a overeign remedy for the diseases peculiar to females. It is one of the greatest boons ever conferred upon the human race, for it preserves that which is fairest and dearest all mankind—the beauty and the health of woman.

Facts Worth Knowing. In all diseases of the masat mucous mer brane the remedy used must be non-irritat-ing. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, syringes, astringents or any similar application, because they are all irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures.
